

TREASURED TREES PROGRAM NOMINATION FORM

Meadville’s Shade Tree Commission is accepting nominations for “Treasured Trees” in the surrounding area to be included in a City Register. A “Treasured Tree,” for the purposes of this registry, is one of the following : native species, historic, largest/oldest, scenic, distinctive shape/growth and story trees.

The purpose of this program is to give community members an opportunity to identify and nominate trees that are significant, in nature. The Shade Tree Commission will then evaluate nominations and make selections to be included in the City Register. In addition, nominations will be considered for submission to the National Register of Historic Trees.

Many communities have a tree that stands as a landmark, or tells a story of some event that has shaped our history or affected our lives. Help us recognize and identify these trees by completing the following nomination form, and mail to:
Shade Tree Commission, 984 Water Street, Meadville, PA 16335.
